

CB-16

COOL BOSS

If you're looking for the perfect space cooler that delivers precise directional cooling, the Cool Boss CB-16 fits the bill. This space-saving evaporative cooler is made for quiet operation and portability, allowing you to use it indoors or out. Oversize 4" caster wheels allow it to easily roll to wherever you need it most. Just hook it up to a standard garden hose or fill the portable water tank, turn it on, and start cooling.
