

Cool-Space 400

EVAPORATIVE COOLER

The Cool-Space 400 is a powerful and efficient swamp cooler that provides adequate cooling for larger working environments. Its impressive cooling capacity allows it to comfortably cool up to 3600 square feet, keeping them comfortable even in hot weather conditions. In addition, the Cool-Space 400 is built with durability in mind, featuring rugged construction and corrosion-resistant components that ensure long-lasting performance. Equipped with advanced cooling technology, adjustable fan speeds, and a large water reservoir, this evaporative cooler offers a reliable and energy-efficient cooling solution for industrial, commercial, and outdoor spaces.

KEY FEATURES

- ▶ Quickly cools indoor and outdoor spaces up to 33° F (18° C)
- ▶ Re-designed DC motor and new aerodynamic fan blades
- ▶ 3600 square feet of coverage
- ▶ Optional All-Terrain package includes off-road tires and push/pull bar for added portability
- ▶ Greenguard-certified and algae and mold resistant media for cleaner and more efficient performance
- ▶ 46-gallon reservoir provides up to 10 hours of hose-free operation
- ▶ Industry-leading 5-year warranty
- ▶ Durable protectant exterior and stainless steel media cover for improved life-span in the most extreme industrial environments
